Organiser's Thanks and Comments:

Thanks to the family helpers who made the event happen: Catherine Wilson and Helen Ashton along with Daniel and Anna. Sunnybank social club also did a great job hosting us and providing food despite it being outside their normal opening hours.

Hope you enjoyed the event, particularly all the newcomers from PFO, Holcombe and Trawden. 68 teams and 85 runners on the night was very impressive and made it all worthwhile. Helmsshore was last used for a street-o in 2013 and switching the map from landscape to portrait made it a more versatile competition area with plenty of route choice options. Feedback was very positive.

Wrong answers:

32 answers were marked wrong (2.5% of answers) split 50:50 between wrong answers and putting the answer against the wrong number. None of the wrong answers had multiple instances of the same answer so appeared to be straightforward mistakes. As to putting the answers in the wrong box, these were mostly either the 40/50 point substations or the 27/22 postboxes. Perhaps I should have mixed the clues up more but it is a lesson that it pays to take a bit more time ensuring your answer is input correctly.

Steve Wilson (Organiser - stewilson100 at yahoo.co.uk)

Check SROC message board and fixtures list to keep up to date with developments in the Street League. Also Routegadget - compare your route with others.
