## Organiser's Thanks and Comments:

Thanks to my family who ran the event on the night: Cath, Daniel and Anna Wilson plus Helen & John Ashton. A COVID positive test result the day before the event for myself meant that we had to do some last minute changes but it all passed off OK.

Thanks also to Haslingden Cricket Club for letting us hire the venue and Billingtons catering for the pie and peas. Feedback was very positive on both.

Hope you enjoyed your run. 87 runners in 62 teams was a great turnout for a mid-week event in January. I was concerned about having the one of the mid-winter events but the weather held up well in the week before the event so conditions were pretty good. Despite the size of the area, all controls were visited by multiple competitors which was good to see. Matt's 15.4km within the 75 mins was impressive as it included a visit to the Halo at 330m elevation. Anyone who got to that checkpoint will know it was not the easy option!

Answer accuracy was 98.5%, with 16 wrong answers from over 1000 controls visited. Only control 61 had multiple wrong answers. This was a telegraph pole outside Haslingden High School with other TP's nearby if you were not confident of your location. But 31/36 visitors got the correct answer so have not credited the 5 who got it wrong.

Steve Wilson
