

Family Street O - Padiham Christmas 2021

Try and complete the sheet of answers in the Xmas holidays. The answer will lie in the middle of where the circle is located. The dot signifies the side of the road/path/junction it will be on. Each control is worth the value of it's first digit multiplied by 10, i.e 14=10 points, 32=30 points. Please take care on roads and crossings and be considerate of members of the public.

Most of all, have fun!

TP – Telegraph Pole LP – Lamp post Post Box – (will have a location postcode on white panel)
