

PFO MIDWEEK SUMMER SCORE SERIES - RESULTS:**League results on last page.**

The score mini-series is now complete.

There were 4 events: low tech (pin punches) and low cost (£2/£1) with minimum equipment and manpower. Designed for practice, fitness or competition. 45 minute SCORE format for all 4 venues.

LONG SCORE: 20 controls (7 x 10 points, 7/15, 6 /20, less 10/min late)

SHORT SCORE: 10 controls (2 x 10 points, 4/15, 2/20, 2/30, less 10/min late).

With the word spreading, a cracking competition area and dry weather, we had a good turn out of 19 entries this week.

Peel Park has very varied terrain from deciduous to conifer, steep to gentle, open to dense, fast path to the infamous ditches in the heather. The small kites were difficult to see in dense terrain and a few gave up rather than persevere. In most cases of difficulty it was a case of reading the control description and reading the map. Every control on the map was visited by at least one competitor. Well done to George Tanner for being the only competitor to visit the outlandish control 19, but 20 points in the bag!

In the league results the Long Score is best of three. Mark Jesson narrowly topped the table and is our series Champ.

In the Short Score having best of 3 made no sense, so the league placings are based on best individual score. Corinna Howorth is the Champ, closely followed by Lucy Wilson.

The improved turn out and compliments about these 4 score events gives PFO confidence to plan other mini-series in the future.

This week, with the help of our PFO Club Night juniors we managed to hit our target of 20 competitors! 18 individuals and 2 pairs equals 22 competitors. Thank you all.

It had been dry all day making it much easier underfoot than previous weeks. Competition was strong with some very good performances in both the Long and Short classes.

If we top 20 competitors at the Peel Park Finale next week we'll be encouraged to make these mini series a regular feature of the PFO calendar.

In the league table (best 3 to count) both Mark Jesson and Corinna Howorth are looking strong for an outright win. Can anyone beat them?

Sunnyhurst is physical at the best of times but, as last week, everything was soaked and slippery. However, competition at the top was intense with a single control and a few seconds separating the top three. Most preferred to head to the cluster of controls to the SW but then ran out of time to collect any of the nearest controls to the N and NW. Only control 16 (less than 150m from S/F) was not visited by any competitor! Good choice, as this was a steep slippery gully not easily approached from any direction. Dave Rose, who is nursing a shoulder injury, claims to have been to ("seen"?) all 20 controls but his score reflects only those punched.

In the Junior section Eleanor beat William (we found your control card!) by one minute. Steep hills and the call of the swings affected their results! But well done for taking part.

LEAGUE TABLE on next page.

Join us next week at Towneley Colliery - less steep and less slippery. Registration at Towneley Park entrance off Todmorden Road.

06/06/2012		Towneley South							
Mark Jesson	PFO	M45	0:46:09	2	4	7	6		245
Ian Farrell	MDOC	M21	0:50:19	6	7	7	5		215
Steve Wilson	PFO	M35	0:53:45	9	7	7	5		185
Sarah Farrell	MDOC	W21	0:51:32	7	4	2			0

Towneley South was the first of four mid-week PFO Score events.

The weather was not kind. A tropical rain storm in the hour before registration raised water levels from a trickle to raging torrent for a while. Slippery banks compromised route choices! Some may have been put off coming but the four who braved the omens ran their courses without rain. A couple of controls gave problems as the vegetation substantially reduced visibility. Both were 20 points so worth some foraging.
